Backache, lame and stiff muscles and rheumatic pains are often symptoms of deranged kidneys. "I had weak bladder, bad kidneys and liver," writes Willie Carter, Luxar, Pa. "I could not sleep well and my back pained me awful. I had a dizzy feeling in the morning. Since taking Foley Kidney Pills I have been relieved of all such ailments." They rid the system of the poisonous acids that cause aches and pains. H. J. Connell, Wortley & French.—Adv.

Because of the unusually late season, farmers should use more oat and barley seed in their planting this spring, declares Prof. J. P. Cox, head of the M. A. C. Farm Crops Department at Lansing. Instead of the usual six to eight peck per acre, growers are advised to plant nine or ten pecks to the acre.

"The majority of Michigan farmers will be forced to plant their oats and barley in May this year," says Prof. Cox. "Oats planted as late as this will not stand as well as usual, and a heavier planting is advisable. Nine or ten pecks of either oats or barley should be planted to the acre this spring."

NEW HAY BULLETIN
READY AT M. A. C.
FOR DISTRIBUTION

SHORT SEASON CROPS IN DEMAND THIS YEAR BECAUSE OF CLOVER FAILURES

A special bulletin on short season hay crops has just been completed and is ready for distribution at the Michigan Agricultural College at E. Lansing. The frequent failure of clover seedlings during the last two seasons has created a great demand for the annual or quick-growing crops to meet the immediate need for hay or roughage.

The bulletin, which is edited by Prof. C. R. Megee, of the M. A. C. Farm Crops Department, takes up spring and early summer sown crops Oats and peas, oats and vetch, corn, soy beans, millets, Sudan Grass, sorghums and crimson clover are the crops discussed.

Copies of the Short Season Hay Crop bulletin may be had free by writing to R. S. Shaw, Director of Experiment Station, M. A. C., East Lansing, Michigan.
